LIGHTS, LAUGHTER, AND CELEBRATION MARK THE FESTIVAL OF LIGHTS"

The Chief Guest for the day was Mr. A. Sivaraman, Deputy Superintendent of Police, Tamil Nadu Police Service. The event was presided over by Chief Operating Officer Mr. Chandra Banu, in the presence of Principal Mr. J. Jayaseelan, Senior Principal Mr. Frederick Sam, Mr. Narayana Moorthy, Mr. Dhandapani, Principal of TVMD School Mrs. Jiji Mol, Vice Principal Dr. J. Vilma Roseline, Sports Coordinator Mr. Arunagiri, P.E.T. Head Mr. Udhaya Kumar, ACOs, and Heads of various departments.

“STRENGTHENING THE HOME-SCHOOL PARTNERSHIP THROUGH PTODM”

On 18th October, a PTODM (Parent-Teacher Open Day Meeting) was conducted for Grades 3 to 9 and 11 to discuss the Term 1 results. Parents actively participated and interacted with the teachers to review their ward's performance and progress. The meeting provided an excellent opportunity for constructive feedback and collaboration between parents and teachers. Suggestions were shared to help students improve further and excel in upcoming exams.

“A DAY OF TALENT AND CREATIVITY”

On 18th, a vibrant Talent Show was organized for students of Grades 6 to 8, showcasing their remarkable creativity and confidence. The event began with a lively welcome dance, followed by an inspiring address by the Principal and Senior Principal. Students captivated the audience with diverse performances, including a puppet show, keyboard recital, drum beats, mime by Grades 3 to 5, a skit highlighting acting skills, and energetic group and Punjabi dances. A live painting session added artistic charm to the event. Parents were invited and thoroughly enjoyed watching their children perform with enthusiasm and grace.

DEBATE ON “DISCIPLINE IS THE KEY TO SUCCESS”

On 26th, a debate competition was organized for students of Grades 6 to 8 on the topic “Discipline is the Key to Success.” Participants presented their views with confidence and clarity, highlighting how discipline plays a vital role in achieving goals. The session encouraged students to think critically, express their opinions logically, and understand the importance of self-control and consistency in everyday life.

CONGRATULATIONS TO THE WINNERS!

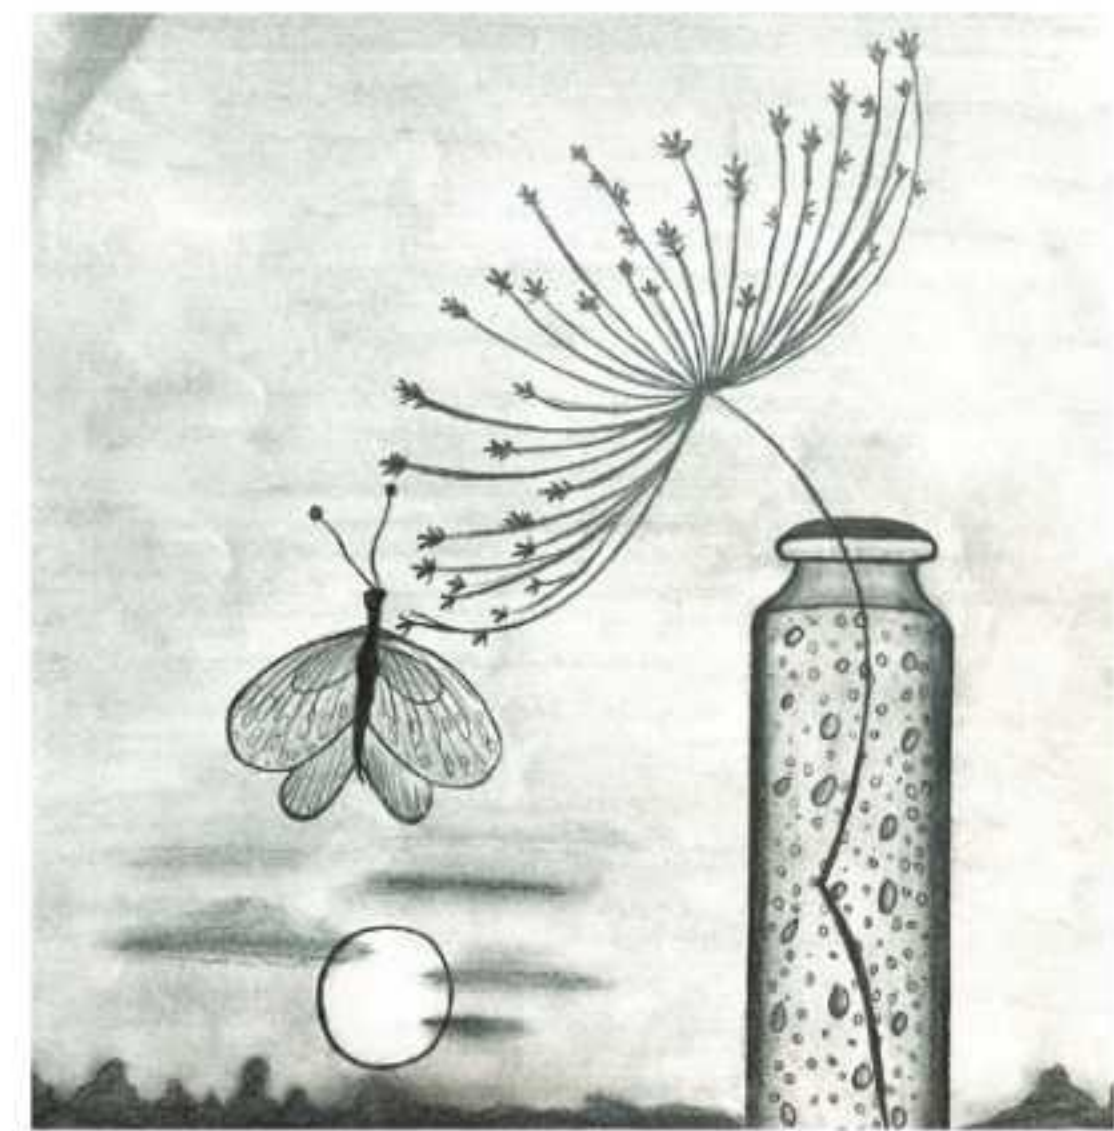

We are proud to share that Siddharth Hemananth of Grade II and Varshitha Hemananth of Grade V from The Vijay Millennium Senior Secondary School, Dharmapuri, have brought glory to the school by winning accolades at the State-level Gymnastics Competition organized by the Tamil Nadu Amateur Gymnastics Association. Siddharth secured 2nd place, while Varshitha earned 3rd place for their outstanding performances. Heartiest congratulations to both for their remarkable achievement and dedication!

CREATIVE CORNER

Our young artists showcased their exceptional talent through beautiful artwork. **Deepthi Sree** of **Grade VI** created a stunning piece showing a butterfly emerging from a bottle, symbolizing creativity and freedom.

Kakitappilly Piyush of **Grade VIII** impressed with his detailed portrait of Subhash Chandra Bose, showcasing artistic skill and patriotism.

TEACHER'S MESSAGE

Dear Students,

Each month brings new opportunities to learn, grow, and shine brighter. Remember, true success comes not only from knowledge but also from discipline, curiosity, and kindness. Keep exploring, questioning, and discovering the joy of learning in everything you do. Every challenge you face is a chance to become stronger and wiser. Stay focused, believe in yourself, and never stop striving for excellence. Your hard work and enthusiasm make our school a place of inspiration and pride.

— With warm wishes,
Amiya

MYTH VS FACT

MYTH:

Many people believe that humans use only 10% of their brain, and the rest remains inactive or unused.

FACT:

“This is a popular myth! In reality, brain scans show that we use almost every part of our brain — even when we’re resting or sleeping. Different areas of the brain are active at different times, depending on what we’re doing — thinking, moving, speaking, or even daydreaming. Our brains are busy all the time!”

**WE USE ONLY 10%
OF OUR BRAIN**

TAKEAWAY:

Every part of your brain plays a role. So, keep learning, exploring, and challenging yourself — your brain loves it!

“SUCCESS IS THE SUM OF SMALL EFFORTS, REPEATED DAY IN AND DAY OUT.” – ROBERT COLLIER
