STUDENTS' COUNCIL ELECTION

A school Student council is a group of students elected or chosen to represent the student body and work with school staff to improve the school environment and student life. They act as a voice for students, bringing their ideas and concerns to the attention of school administration and teachers. School councils provide students with leadership experience, teach them about democracy and civic engagement and foster a sense of ownership and responsibility for their school. To inculcate these values in the students, our school conducted Students' Council Election-2025-26 on 20th of June, 2025 in Yoga Hall for the positions like Head Boy, Head Girl, Deputy Head Boy, Deputy Head Girl and the House Captains and Vice-Captains for the four houses like Lion, Leopard, Panther and Tiger.
